In recent years, hybrid energy has begun to play a key role in Iberdrola's green energy projects. This is the case of Gujarat in India, the company's first wind-solar hybrid project, which is already an operational facility. 50 wind turbines and 250,000 solar panels will help increase the amount of renewable energy in the country.

At Gautam Enterprises Energy Solution Group, we recognize the critical role that our people play in the success and growth of each of our businesses. It is the skill and initiative of our workforce that sets us apart from our peers in today's knowledge-driven economy. It is their commitment and dedication that lends us the competitive edge ...
