Gd energy products Mozambique

servicing pumps market, is pleased to announce David Paradis as its new CEO. ...

GD Energy Products partners with Texas Pump Systems to provide innovative FPSO pumps. July 14, 2022 | GD Energy Products (GDEP), the leading total solutions provider for the drilling, ...

GD Energy Products Redline+ valves and seats are designed for maximum performance and reliability, featuring a patent-pending design and optimized metallurgy for abrasion and chemical resistance. Manufactured in the USA, GD Energy Products Redline+ Valves & Seats have outperformed the competition in numerous basins. When run as a pair operating ...

GD Energy Products understands the challenges of today's harsh fracking environments and the importance of using products that are built to last. In pursuit of bringing the very best to our customers, GD Energy Products is proud to offer KennaFlow Tungsten Carbide valve seats specifically designed for use in GD Energy Products fluid ends.

SafeLock is offered as an optional upgrade on new GD Energy Products drilling pumps and modules, and can also be used for retrofit on GD Energy Products HD, F and Y series drilling pump modules with bore seal technology. Simple Operation - No tools, no problems. SafeLock's 1/8 turn design eliminates the need for hydraulic pumps, torque ...

GD Energy Products fabrica piezas y consumibles OEM de alta calidad, incluidos émbolos líderes en la industria, disponibles para adaptarse a la bomba de cualquier fabricante. Como todos nuestros consumibles, nuestros émbolos se fabrican con los mismos estándares de calidad que nuestras bombas y terminales hidráulicos.

GD Energy Products (GDEP) recommends that you set up a maintenance program during the mechanical run-in period, when the pump's moving parts work alongside each other under sustained normal operating conditions for the first time, stabilizing their final working positions. The periodic maintenance schedule should be divided into daily ...

PZ 2000. Our PZ 2000 drilling mud pump is a 2000 hp triplex drilling pump that features 7,500 psi fluid end modules and an 11" stroke. With today's drilling applications consisting of longer laterals and increased pressures, the PZ 2000 drilling pump is the ideal choice for super-spec drilling rigs.
