Can I use a Generac home backup generator with pwrcell?

Using a Generac home backup generator with the PWRcell system allows you to power your home during long power outages, even with little or no solar power. The Generac SDS can automatically activate the gas generator to charge the battery when it gets low.

Should I buy a Generac pwrcell?

Compared to other leading home energy storage systems, the Generac PWRcell is a bit more expensive but offers some unique functionality, like controlling your home's HVAC system to extend battery life. SolarReviews recommends the PWRcell for people who have or want a Generac standby generator in addition to the battery.

Who are Generac's main competitors in the home backup battery market?

Generac's main competitors in the home backup battery market are Enphase, Tesla, and FranklinWH. Here's how their flagship products match up: Of the models in the table, the Tesla Powerwall is the most affordable and the only one to offer versatility in how it is connected to solar panels.

Can a Generac pwrcell be used with an ecobee smart thermostat?

In addition to the three main components, the Generac PWRcell can be used with the ecobee Smart Thermostat and a Generac home standby generator. Generac also has an app called PWRview that allows you to control the system. The ecobee Smart Thermostat can control how the PWRcell battery is used in an outage.
