

Ghana batteri container

What types of batteries can I mail or ship internationally?

There are many types of batteries that have different requirements when you wish to mail or ship them internationally: Wet batteries, also known as flooded lead-acid batteries, are commonly found in vehicles and backup power systems.

How do I ship a lithium hydride battery?

Choose a strong, double-walled box or container to hold all the contents securely. Seal the outer box with plenty of strong tape, and attach the correct shipping label clearly to the outside. For dry and nickel-metal hydride batteries, this will typically be a standard shipping label.

Can I ship a lithium ion battery by air?

For this reason, any battery that is suspected or known to be defective (swelling, corroding or leaking, for example) is not permitted for shipping within the DHL Express network. When you're shipping lithium-ion batteries by air, it's essential to follow specific regulations regarding their state of charge (SoC).

What is the largest port in Ghana?

Located on Ghana's east coast, Tema port is the biggest and the premier port of the nation. It spans 3.9 million sq m and receives about 1650 ships every year including container ships, general cargo laden vessels, tankers, ro-ro, and also some cruise ships. It deals with general cargo, heavy dry and liquid bulk and imported vehicles.

Where is Accra port?

Accra Port is a deep seaport located in the Gulf of Guinea in Ghana. It is a medium-sized port that hardly sees any cargo traffic. It was once a strategic port facility for the Portuguese in the 17th century but due to surf, the maritime traffic declined and it shifted to the Port of Tema, which is nearby and now the premier port of the country.
