The Solar for All program intends to engage and grow the local solar industry and contribute to the development of Pennsylvania's clean energy workforce. PEDAs will work to finalize the grant agreement with the EPA by September 2024, complete the initial program design, and prepare the program for launch targeting early 2025 for availability .

10 ???· SOUTH PORTLAND, Maine -- Ads are circulating on Instagram and X that claim homeowners in Maine can get free solar panels through state and federal government programs. While both entities are investing in renewable energy sources to fight climate change, the claims in the ads are misleading at the least, and in some cases, downright false.

Solar Summit slides (Oct. 4, 2024) (PDF): A brief overview and update on the status of the program and next steps. Public workshop recording (Aug. 22, 2023) (MP4): Before submitting our proposal to the EPA, we held a public webinar with over 150 participants and offered an online comment form to receive feedback. We collected about twenty comments on the proposal in total.
