Integratesun I LLC, 1401-21 St St, Sacramento, CA (Employees: Barry Bruce Nannie and Integratesun Llc) holds a Solar license according to the California license board. Their BuildZoom score of 93 ranks in the top 27% of 336,931 California licensed contractors. Their license was verified as active when we last checked.

Our solar panels were installed quickly and efficiently. The wiring of the inverter system and connection done to our existing electrical system was quite remarkable. Our ability to monitor production online is a plus and allows for reconciling our electric bill monthly. Finally, the installation of solar panels is our attempt to help lower our carbon footprint on our world..

IntegrateSun uses "on-grid" systems, meaning that they are still connected to the electrical grid. On-grid solar energy systems are necessary to transfer excess power into the grid, which can result in a credit to customers in some states. On-grid systems also keep you connected to the grid for additional power from the utility.

Grow your monthly revenue with our financing offerings which include options as low as 2.99% & terms as flexible as 30 years! Most of our financing options are exclusively available to solar companies that have been in business for at least three years & hit certain annual sales targets ranging from \$2,000,000- \$10,000,000/ year.

IntegrateSun, LLC Get Quotes. IntegrateSun is an Earth based company that is successfully navigating oily waters. We chose to be in the business of installing the same technology on your roof as the one our friends in NASA use for their space stations, so you can have unlimited free clean energy too! ...
