NEMA stainless steel enclosures by Hammond are designed for harsh indoor and outdoor applications - food, pharmaceutical, marine, and more - where enclosures and their contents are subject to washdown and wet areas. Hammond enclosures come in either 304 or 316-type stainless steel to protect important components in corrosive environments.

Enclosure types and styles include wall-mount enclosures, junction boxes, pushbutton enclosures, floor-mount and freestanding enclosures, disconnect enclosures, consoles and consolets, and wireways and wiring troughs. Many door and window configurations and latch/lock options are available. Enclosure prices start as low as \$7.50.
