Who is Hawker PowerSource?

@ 2024 Hawker Powersource, Inc. All rights reserved. HAWKER creates custom electric motive power solutions for industrial operations. As a single-source supplier, HAWKER is able to conduct an on-site power study and make data-based recommendations for the best power system to fit our customer's needs.

Why should you choose a Hawker®; energy-plus™ flooded lead-acid battery?

When your operation depends on a heavy-duty battery- a battery that can stand up and deliver even under the most demanding applications - you can depend on the power of the HAWKER®; ENERGY-PLUS (TM) flooded lead-acid battery.

What if I Have Questions about my Hawker®; high-frequency modular Charger?

If you have questions about your Hawker high-frequency modular charger, contact your local Hawker representative today at 1-877-7HAWKER (US & Canada only).

What is a Hawker powerline flooded lead-acid battery?

The HAWKER POWERLINE flooded lead-acid battery foundation of superior performance and long-life cycle is based on the battery's design and construction. Whether you're operating sit-down rider forklifts, walkies, or narrow-aisle lift trucks, the HAWKER POWERLINE battery will keep you up and running.

Offering the flexibility of a fast, opportunity, and conventional charger, HAWKER LIFESPEED®; MOD3 chargers provide optimum charging, peak efficiency, and non-stop power while reducing charging costs and energy demands.

HAWKER®; ENERGY-PLUS (TM) BATTERY - The Ultimate Power Source. When your operation depends on a heavy-duty battery--a battery that can stand up and deliver even under the most demanding applications--you can depend on the power of the HAWKER®; ENERGY-PLUS(TM) flooded lead-acid battery.

FLEXPAK™ BATTERY/CHARGER PAK - Plug-and-Play Power. HAWKER FLEXPAK™ Thin Plate Pure Lead battery/charger packs offer outstanding flexibility and ease of use that will change the way you work. This sealed battery/charger pack can be used when and where you need it most for exceptional performance.

FIVE SIGNS IT'S TIME TO REPLACE YOUR MOTIVE POWER BATTERY When it comes to power, energy = currency. For every amp per hour of battery usage, there's a price to be paid--and not just in financial costs; but also in battery degradation, decreased performance, increased maintenance labor, potential operational downtime, and more.
