

Who is Heliatek?

As the technology leader in organic photovoltaics, Heliatek develops, produces and distributes industrial-grade organic PV solar solutions for virtually any building surface (horizontal, vertical, curved, rigid, and flexible).

What will Heliatek do in 2030?

In 2030 Heliatek will enable every building to be 100% energy neutral and smart with access to an independent supply of truly green electricity. We offer organic Solar film solutions with world-class reliability thanks to our proprietary roll-to-roll production methods in vacuum.

How many employees does Heliatek have?

Heliatek employs more than 200 people at the Dresden and Ulm locations in Germany. With HeliaSol, we offer a ready-to-use innovative organic solar film, which is ultra-light, flexible, ultra-thin and truly green.

What can Heliatek do for You?

Heliatek has developed an innovative solar technology that will unlock this potential. We aim to enable every building to become a net-zero energy building, self-powered with clean energy. HeliaSol can be glued to various materials, such as metal, concrete, membranes, glass, bitumen, and other substrates on request.

Can Heliatek expand solar power beyond flat land?

In the past few years, Heliatek has mounted its flexible panels on the sides of office towers, the curved roofs of bus stops, and even the cylindrical shaft of an 80-meter-tall windmill. The goal: expanding solar power's reach beyond flat land.

Can Heliatek power a building?

"We want to change every building into an electricity-generating building," Birnstock says. Heliatek's panels are among the few OPVs in practical use, and they convert about 9% of the energy in sunlight to electricity.

Approximately 185 square meters of Heliatek (Dresden, Germany) organic photovoltaic (OPV) films were installed on the facade of a warehouse of the Duisburger Hafen in August 2018. It is a building-integrated ...

Die deutsche Solarindustrie war Weltspitze, doch diese Zeiten schienen vorüber. Nun sollen Fenster zu Kraftwerken werden - denn Heliatek aus Dresden will in großem Stil organische Solarfolien ...

Heliatek is the globally recognized market leader in organic photovoltaics. Since its foundation, Heliatek has continuously expanded its know-how and protected it with more than 450 patents\*. Patents include the protection of organic solar cells with our proprietary absorber molecules, as well as the special cell layout.

# Heliatek solar Guinea

Heliatek stands for innovative solar films that transform buildings all over the world into clean energy generators. We set the highest standards for the quality of our products and the sustainability of our actions. We are committed to go far beyond legal requirements to protect our environment and reduce our company's carbon footprint, for ...

Heliatek emphasizes that thin film solar technology can be applied in places where conventional, rigid solar panels are difficult if not impossible to apply, including the outer walls of buildings ...

Heliatek is the globally recognized market leader in organic photovoltaics. Since its foundation, Heliatek has continuously expanded its know-how and protected it with more than 450 patents\*. Patents include the protection of organic solar ...

Heliatek's organic solar films - A truly green electricity generating technology . Dresden, 22.10.2019. Heliatek, the world-leader in organic solar energy solutions, announces today that its award-winning ...

Heliatek produziert flexible, effiziente und wirklich grüne organische Solarfolien für Gebäude. ... Solar energy is a key energy for the energy production of the future. We have developed a technology that will enable photovoltaics to be used in ...

Heliatek, a pioneering German company, has emerged as a trailblazer in the solar energy sector, revolutionizing the industry with its ultra-flexible, lightweight, and sustainable adhesive solar...

Neue solar aktive Fassade von Heliatek für ENGIE's Forschungszentrum Laborelec 30. Juni 2017. Dresden, Deutschland - 30. Juni 2017 - An dem Gebäude von ENGIE Laborelec in Linkebeek wurden Solarfolien des deutschen Unternehmens Heliatek installiert. Die organischen Solarfolien HeliaFilm wurden in Fassade und Fenster integriert und ermöglichen damit die ...

Heliatek one of the ENGIE New Ventures" portfolio company has been recognized by Solar Impulse Foundation as one of 1000 listed efficient solutions under the "1000solutions" program. This initiative was launched by Bertrand Piccard (initiator of first solar airplane circumnavigating the world) to promote ideas that help protecting the ...

Heliatek | 17.606 Follower:innen auf LinkedIn. INDEPENDENT. GREEN. FUTURE. Grenzenlos Sauberer & Grüner Strom überall | Als der Technologieführer in der organischen Photovoltaik entwickelt, produziert und vertreibt Heliatek organische PV-Solarlösungen industrieller Größe für nahezu jede Gebäudeoberfläche (horizontal, vertikal, gebogen, starr und flexibel).

The untapped potential of exploiting these surfaces for the generation of solar electricity is virtually unlimited. Heliatek has developed an innovative solar technology that will unlock this potential. We aim to enable every building to ...

Organic solar-cell builder Heliatek just raised \$90 million in equity, debt and subsidies in a funding round reminiscent of the enormous solar hardware VC investments made in the last decade.
