What is Tonga Power Limited?

Tonga Power Limited's vision is to "Power the sustainable development for our Kingdom", ensuring they generate electricity that is clean, green and sustainable for the people, which is why they are working alongside the government in transitioning to Renewable Energy sources, such as wind power and solar power.

Can a power concession be terminated in Tonga?

Pursuant to Section 20 of that Act, Tonga Power Limited (TPL) has been granted a concession to generate and supply power throughout Tonga. While the Concession is for an open period, it can be terminated by the Government upon giving not less than three and not more than six months notice prior to the Reset Date.

Are there qualified electricians in Tonga?

In the opinion of the Commission there is an ample supply of qualified electricians in Tonga to execute all electrical works for domestic, commercial or public sector customers.

Powerwall is a compact home battery that stores energy generated by solar or from the grid. You can use this energy to power the devices and appliances in your home day and night, during outages or when you want to go off-grid. With customizable power modes, you can optimize your stored energy for outage protection, electricity bill savings and ...
