

Assault and battery are two crimes that are often prosecuted together, yet they are separate offenses with different elements. Although modern jurisdictions frequently combine assault and battery into one statute called assault, the offenses are still distinct and are often graded differently. The Model Penal Code calls both crimes assault, simple and aggravated ...

About battery aging. Batteries are a consumable item whose remaining life decreases with age. If you notice that you need to charge your battery more often than usual after a long period of use and that your usage time is noticeably shorter, have your battery checked by your local service center to see if it is time for a replacement as batteries lose life not only with use but also due ...

Don't miss The Battery Show Asia that is happening 15-17 July 2025 in Hong Kong, bringing together the leading innovators & engineers in the battery industry. Positioned as the premier event for energy storage solutions, electric vehicles, and advanced battery technologies, this is your opportunity to connect with Asia's growing market.
