Who are Hoppecke industrial batteries?

Welcome to HOPPECKE Industrial Batteries, the UK arm of the German company HOPPECKE Batterien GmbH which has been delivering batteries and power management solutions to customers around the world for nearly a century. Hoppecke Industrial Batteries has been servicing the UK's energy requirements in a range of industries since the early 1980s.

Is Hoppecke a good battery?

HOPPECKE offers energy storage solutions as lead-acid- or nickel-cadmium industrial battery systems in almost any application where critical backup DC energy is needed. Having ISO 9001, 14001, IEC, DIN, TUV, DNVGL and many other international standards and certifications, Hoppecke is one of the highest quality batteries on the market today.

What is a Hoppecke energy system?

Full-Service models and technical system management. Energy systems consist of perfectly coordinated energy storage devices and added-value generating components. The core element, which is typical for an energy system, is the project and engineering service of HOPPECKE, which makes a system both customer-oriented and of higher quality.

Are Hoppecke batteries CE marked?

HOPPECKE batteries already meet the necessary requirements of the EU Battery Regulation from August 2024 and are therefore CE marked from now on. Trust in our tested quality and always stay on the safe side with HOPPECKE. More transparency and professionalism through more efficient battery management?

Does Hoppecke Ireland supply flooded lead acid forklift batteries?

Hoppecke Ireland supplies flooded lead acid batteries for use in forklifts, power pallet trucks, and all battery motive powered machines. Hoppecke Ireland offers a wide range of options for specific types of cells, chargers, and maintenance programs to ensure customer satisfaction.

Who owns Hoppecke?

Since its foundation in 1927 HOPPECKE has been in the possession of the Zoellner family. Today, Dr. Marc Zoellner leads the industrial firm as a family enterprise in the fourth generation.

About HOPPECKE Batteries, Inc. HOPPECKE North America is a subsidiary of the global HOPPECKE Group, renowned for its innovative energy storage solutions. With a strong presence in North America, we are dedicated to delivering high-quality products and exceptional customer service. Our commitment to producing batteries in the USA creates jobs ...

By using batteries from HOPPECKE in your data centers, you can prevent your data center from crashing in the event of a power failure, therefore preventing data loss. The products specially tailored to the application bridge the time between the start of the power failure and the supply by, for example, diesel generators, which need some time ...

HOPPECKE Batteries is the largest producer of industry battery systems in European ownership. Since 1927, the family company has been developing and producing in Germany, and thanks to its leading research and development activities, it has all reliable and innovative storage technologies in its product portfolio. TAB.

In 1983, HOPPECKE presented a nickel-cadmium battery, that is still . unique today: the fibre structure technology, in short FNC-Technology. The dense three-dimensional woven structure is extremely porous. Through this 90 % of the volume of the fibre electrodes can be filled
