

How much does ground solar power cost

How much do ground-mounted solar panels cost?

Earlier, we touched on how ground-mounted solar panels tend to be more expensive than roof-mounted varieties - specifically, around 25 to 35 per cent more. But how much is that exactly? Well, estimates place the cost of a typical ground-mounted solar array in the UK at between £10,000 and £15,000 (and that's not even including installation).

How much does a ground-mounted solar system cost?

To give you an idea, an average system would set you back between £8,000 and £15,000. According to Solartherm UK, ground-mounted solar panels can be 25% to 35% more expensive than roof-mounted ones. The reason behind the added cost is that ground-mounted systems require more materials and take more time to install.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you're talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 - £1,500, whereas polycrystalline solar panels cost about £900 per kW.

How much do solar panels cost in the UK?

The average cost of a solar panel system in the UK is £7,026 for a three-bedroom house, but ground-mounted solar panels should cost a little more than this. To give you an idea, an average system would set you back between £8,000 and £15,000.

How much does it cost to install solar panels?

For the average 3.5kWp solar installation, business costs will come to approximately £2,450. The remaining 10-30% of the cost goes towards labour - the people who will actually fit your panels and the associated kit. This range should cover all domestic installations, including large jobs with more than 20 panels.

Are ground-mounted solar panels a good option?

Ground-mounted solar panels are a benefit-rich alternative to the rooftop-mounted variety. You'll just need around 20-30 sq m of space (for an average 3-bedroom home) - and a decent budget. At around £10,000-£15,000 per system, ground-mounted panels cost 25-35 per cent more than their roof-mounted counterparts.
