

# How much is the OEM price of GCL photovoltaic panels

How much do solar panels cost?

But the average solar panel system of 3.5kWp will cost around £7,000 to install, according to estimates from the Energy Saving Trust. The exact cost will vary, depending on the size of your home and how much electricity you want to produce. See how much you can expect to pay. Find out: are solar panels worth it?

How much does a solar PV installation cost per kilowatt?

The mean average cost per kilowatt of a small solar PV installation (0-4kW) is above £2,000 for the first time since these records began in 2013/14. Prices for larger solar installations (4-10kW) increased even more dramatically - by 31% since 2021/22.

Why should you choose GCL crystalline silicon photovoltaic modules?

As a world-class manufacturer of crystalline silicon photovoltaic modules, GCL ensures unrivaled quality and performance with this remarkable product. Designed to harness the power of the sun efficiently, this module is the perfect choice for various applications, from residential rooftops to commercial installations.

How much do Ovo solar panels cost?

Ovo's solar packages start from £4,999 for 4 panels with 0% financing options available. If you want a battery too, packages start from £7,499. If you buy solar panels and a battery from Ovo, and Ovo supplies your energy, you'll be eligible for their exclusive anytime SEG rate of 20p/kWh.

How much does a solar battery cost?

As the average cost of a solar battery for a three-bedroom house is £4,500, it means you could pay £9,000, or more for batteries over the lifespan of your solar panels. The average package 3kW or 4kW solar panel system with battery, usually comes with a 4kW to 14kW battery.

Are solar tiles available in the UK?

The availability of solar tiles in the UK is limited. It's a technology that's really still in development. Only a few UK solar companies offer a solar tile solution, so if you've got a listed property and there's no chance of panels, fill out a Contact Us form and we'll try to help.
