

Hp storageworks modular smart array 1000 Samoa

What is HP StorageWorks modular smart array 1000?

The HP StorageWorks Modular Smart Array 1000 (MSA1000) is a 2 Gb Fibre Channel storage system designed for the entry-level to mid-range Storage Area Network (SAN). Designed to reduce the complexity, expense and risk of SAN deployment, the MSA1000 is a scalable, high performance storage system built with investment protection in mind.

How much storage capacity does the HP msa1000 have?

The modular design of the MSA1000 allows the user to easily add storage capacity as needed. With the addition of two HP StorageWorks MSA30 disk enclosures with space for a total of forty-two enterprise-class drives, maximum storage capacity is 12TB.

What is HP StorageWorks msa1000 San starter high availability kit?

New HP StorageWorks MSA1000 SAN Starter High Availability Kit, a companion piece to the MSA SAN Starter Kit, providing the necessary hardware pieces to insure redundancy. It replaces the two older HA Kits that included StorageWorks Secure Path software.

How many hard drives does the msa1000 use?

The MSA1000 cabinet scales to 4 TB using fourteen 300 GB, 1" HP Universal hard drives. By simply adding additional StorageWorks disk Enclosures (two enclosures max), the MSA1000 scales to 12 TB using forty-two 300 GB 1" HP Universal hard drives - all within 10U of rack space.

What if a storage enclosure is an msa1000?

If the enclosure is an MSA1000 and only one array controller is inserted, insure that there are cover plates installed in the empty array controller bay and the fibre bay in the chassis. The specified storage enclosure indicates that one of its power supplies which previously had been failed is now operating normally.

How many racks can be connected to the msa1000?

NOTE: Maximum of two can be connected to the MSA1000. NOTE: Maximum of one can be connected to the MSA1000. NOTE: It is mandatory to use a shock pallet in order to ship racks with equipment installed. NOTE: It is mandatory to use a shock pallet in order to ship racks with equipment installed.
