

Industrial mod advanced solar generator

What is advanced solar generator?

The Advanced Solar Generator is a power generator block added by the Mekanism mod. It uses solar energy to generate power of up to 300 J/t (120 RF/t). It can store up to 200 kJ (80 kRF), with a maximal output of 600 J/t (240 RF/t).

How to build an advanced solar generator?

Construction of an Advanced Solar Generator requires four Solar Generators, but it produces six times the power of its smaller counterpart. It also requires an area of 3x3x3 Blocks in order to be placed. Universal Cable or other compatible wire can be connected to the side of the base with a green square or the bottom of the Generator.

How big is the advanced solar generator?

The block is quite large, with a base that takes up 2 blocks in height and the actual panel that takes up a square area of 9 blocks on top of the base. This generator will produce energy during daytime if the weather is clear. A non-transparent block above the Advanced Solar Generator will stop its production.

How much does an advanced solar panel cost?

The cost of materials means these generators are not feasible sources of power, as they take too long to pay for themselves. The Advanced Solar Panel requires 24 UU-M worth of materials (12 raw UU-M, 9 for the diamond, 2 for the redstone and 1 for the glowstone) for an energy cost of 3 Million EU.

How does advanced solar generator work?

This generator will produce energy during daytime if the weather is clear. A non-transparent block above the Advanced Solar Generator will stop its production. The generator's GUI shows the amount of energy stored, if the sun is up and the maximal output. Advanced Solar Generator has no known uses in crafting.

How much sunlight does the advanced solar generator produce?

By default the Advanced Solar Generator produces 300 J/t in direct sunlight, and can output a maximum of 600 J/t. This amount can be changed inside of the Mekanism Config. Like the Solar Generator, the Advanced Solar Generator does noticeably better in biomes that are hotter, but not too hot.
