5 ???&#0183; Tesla's Powerwall 3 continues to be a top choice for the best solar battery for home use due to its integrated solar inverter and advanced energy management system. With a capacity of 13.5 kWh per unit, which is scalable up to 72 kWh when paired with multiple units, the Powerwall 3 is ideal for homeowners looking for comprehensive energy storage solutions.

The team at Infinity Energy is professional, easy going and supportive. Changing to solar was a very positive experience from talking to Adam and Megan to the great guys that came to install the system. Patience was needed while wait for other companies and applications to come through, but the Infinity team was on top of those processes as well.
