Loving SF4, learning tons. Was trying to link up Integrated Dynamics/Tunnels to my AE2 storage system, as I thought I saw somewhere that was possible. But no configurations are working, reader on the terminal, crafting, etc, and google is blank. So is there a way Integrated Dynamics can read the inventory in AE2 or simple storage?

The model incorporates the specific parts of the Latvia's natural gas infrastructure (transmission system and storage facility) and their characterizing parameters: natural gas ...

In this study, a spatiotemporal disaggregated simulation model was developed based on water-food-energy (WFE) nexus approach to assess water and food supply security considering ecosystem provisioning services. The main components of the developed model in this study (SD-WFE model) are population, water, agriculture, and energy modules. The ...

Unfortunately, no. None of the RS nodes expose the full network inventory. Closest you can get is to do it the other way around, by putting an external storage node on an Item interface, but this ...
