

International New Energy Storage Exhibition Official Website

Why should you attend Eesa China International Energy Storage Expo?

At EESA China International Energy Storage Expo (EESA EXPO), Asia's premier energy storage exhibition, the road ahead is paved with countless opportunities. From connecting with 150,000+ of your peers to doing business with 600+ exhibitors, It's an exhibition that yields benefits throughout the entire year.

What is ESS Expo?

For details, please contact the organizer directly. ESS EXPO provides not only the latest technological trends in the residential, commercial, and industrial Energy Storage Systems, but also know-how on the design, introduction, and establishment of the optimal Energy Storage Systems for maximum energy efficiency. Held with concurrent exhibitions.

How will China's energy storage industry grow in 2024?

Driven by both market and policy factors, the growth of energy storage is expected to be explosive, creating a strong demand for the industry's supply chain. Once again, the China Electricity Council and the State Grid Corporation of China will collaborate to host Shanghai International Energy Storage Technology Application Expo (ES Shanghai 2024).

Why should you attend energy storage Expo?

From connecting with 150,000+ of your peers to doing business with 600+ exhibitors, It's an exhibition that yields benefits throughout the entire year. Preview the latest energy storage products and solutions, tune in to the latest industry trends and expand global business networks.

What is energy storage business matchmaking?

It is a premium global platform for energy storage business matchmaking, tailored specifically for system integrator, importer, distributor, manufacturer, installer, project developer & operator, OEM/ODM, investor, service provider, energy consultant and research institute worldwide.
