

Will Iraq trade crude oil for Iranian gas?

Iraqi Prime Minister Media Office/Handout via REUTERS /File Photo Acquire Licensing Rights July 11 (Reuters) - Iraq will begin trading crude oil for Iranian gas to end the recurring issue of payment delays to Tehran due to the need for U.S. approval, Iraqi Prime Minister Mohammed Shiah Sudani said on Tuesday.

Did Iran cut gas exports to Iraq?

Sudani said Iran had cut gas exports to Iraq by more than 50% as of July 1 after Baghdad failed to secure U.S. approval to disburse owed funds, but Tehran had now agreed to resume gas exports in exchange for crude oil. The deal was reached during talks with an Iranian delegation that was in Baghdad since Saturday, Sudani said in a televised speech.

What does the TotalEnergies deal mean for Iraq?

The TotalEnergies deal aims to help Iraq harness the natural gas emitted by its oil wells, achieve a more balanced energy portfolio, and address some of its domestic electricity shortages. It would also be significantly cheaper for Iraq to harness its own gas rather than to continue with its current agreement with Iran.

Is foreign help enough to fix Iraq's energy problems?

Foreign help is not enough to fix energy issues, domestic reform is necessary. This past July, Iraq and France's TotalEnergies finalized the Gas Growth Integrated Project, a \$27 billion energy deal aimed at Iraq's natural resources and improving the country's electricity supply.

How much does Iraq pay Iran for natural gas?

According to Iraqi Oil Minister Ihsan Ismael, Iraq pays Iran \$8 per million British thermal units (BTU) for Iranian gas. By comparison, it is estimated that it would cost the government less than \$2 BTU to produce Iraqi natural gas.

Does Iraq have a gas deal with TotalEnergies?

On Monday Iraq signed a massive deal with French oil major TotalEnergies that includes plans to capture gas from oilfields in the southern Basra region. Our Standards: The Thomson Reuters Trust Principles.

Iraq's Council of Ministers has authorized the Ministry of Electricity to contract with the Swiss company Loxstone Energy for the supply of gas from Turkmenistan to Iraq via Iran under a swap agreement.
