Can solar power be installed on a terraced house?

So, the simple answer to the question, is yes! But what are the considerations? Terraced houses typically have less roof space than a semi-detached or detached property, especially when the space is also occupied with a chimney. This means that some of the larger solar power systems, with an output above 5kw, simply won't fit in the space.

In more specific terms, a 1kW Monocrystalline solar panel should cost between ₹2,000 to ₹3,500. Meanwhile, a 5kW solar panel requires a bigger budget and should cost about ₹7,500 to ₹9,000, but as mentioned earlier, it ...
