

# Is the free energy storage cabinet a scam

Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

Is going solar a scam?

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams: Do some research.

Does the federal government install solar systems in homes for free?

The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy. Take your time.

Is a home energy audit a scam?

That's because this "home energy audit" is a scam. You may, however, be charged the fees mentioned in the contract, and your personal information will be in the hands of a scammer. Don't agree to anything on the spot. No matter how good the deal seems or how urgent the individual makes their offer seem, take time to do your research.

Is 'My Free Power Blueprint' a scam?

Summary: 'My Free Power Blueprint' offers misleading plans to build an energy generator. It is a scam that appears to be a copy of the magnetic perpetual motion scam. It claims that magnets and magnetic force can induce perpetual motion, creating free electrical energy to fully power a home.

How do I know if my energy bill is a scam?

You are contacted over the phone or in person at your front door. The "representative" introduces themselves as working for your utility company or with the energy division of your local government. They may even show you identification, but it isn't real. Scammers inform you that you could be saving big on your energy bill.
