

Where is bnrg constructing a portfolio?

We're currently constructing a 448 MW portfolio in Maine. We're at home in Ireland and we've been developing there since 2015 to deliver a portfolio of 313 MW with the first phase to be constructed in 2024. BNRG successfully developed and constructed over 100 MW of projects under the UK's Feed-In Tariff and Renewable Obligation Certificate schemes.

Who is bnrg Australia?

We established BNRG Australia in 2018 to develop a pipeline of greenfield projects and in 2020 established a relationship with a local partner to develop a pipeline of over 600 MW. Since 2007 BNRG has developed and constructed over 341 MW of operating assets across five countries.

Why should you choose bnrg for solar farm development?

BNRG has already a deep connection with many development partners in its markets. Our valued partnerships with local on the ground developers are among the most essential, allowing us to realise the full potential of appropriately sited land for solar farm development.

When did bnrg enter the US market?

BNRG entered the US market in 2016 and we've successfully completed a portfolio of projects in Oregon totalling 29 MW. We're currently constructing a 448 MW portfolio in Maine. We're at home in Ireland and we've been developing there since 2015 to deliver a portfolio of 313 MW with the first phase to be constructed in 2024.
