

Why should you choose Thermax ESP?

With more than 2000 ESPs are working successfully across the globe in various industries including power, cement, steel, fertilizers, pulp & paper, textiles, chemical and biomass boiler. Thermax ESP has associated with many leading technologies to provide high efficiency and safety system

What does Thermax do?

Thermax offers products, systems and solutions in energy and environment engineering to Industrial and commercial establishments around the world. Its business expertise covers, heating, cooling, waste heat recovery, captive power, water treatment and recycling, air pollution control and waste management and performance chemicals.

How many people worked at Thermax?

Total erected weight was approximately 85,000 MT (metric tonnes), and insulation area close to 2,50,000 Sq. m. At its peak, the project had nearly 8000 workmen at the sites. Safety was accorded the highest priority, with Thermax cumulatively logging in 27 million safe man-hours.

Why should you choose Thermax?

Having a proven track record in EPC, boiler manufacturing and O&M, which was a prerequisite by the customer, Thermax was able to complete the project whose scope comprised a 90 TPH boiler, 19.9 MW steam turbine generator and Balance of Plant systems.

How many boilers does Thermax produce?

Put together, the 21 units produce 75 TPH steam at 18 bar (g) which is then fed into the steam turbine, to generate 13 MW of electricity. This is the highest number of boilers supplied by Thermax for a single project so far and was completed in a short span of nine months.

How many CFBC boilers has Thermax installed?

Thermax completed its biggest ever project by successfully commissioning nine 500 TPH circulating fluidized bed combustion (CFBC) boilers and allied emission control systems at Reliance Utilities & Power Pvt. Ltd. in December 2016. Five boilers were installed at Hazira and four at Dahej.

Thermax executed a 100% biomass fired cogeneration plant, deploying a 33 TPH hybrid water tube superheated bi-drum boiler with a reciprocating grate, designed at 67 kg/cm² pressure and 450°C temperature, for the client. The boiler has been designed to run on a mix of biomass briquettes and loose biomass fuels to generate 4 MW power as well as ...

Find all of the Boiler Spare Parts, you'll need for the installation and repairing of boilers as well as central heating systems. The parts assist the enclosed vessels to heat and circulate the hot water, properly. Provide

products capably assist the the the boilers to generate steam for its utilization in sterilization, drying, space heating, power generation and humidification.

Electrostatic Precipitator (ESP) is a flagship product of Thermax APC business. With more than 2000 ESPs are working successfully across the globe in various industries including power, cement, steel, fertilizers, pulp & paper, textiles, ...

We are specialised in manufacturing Gas Distribution Screen for all types of oem like BHEL ESP, Thermax ESP, Alstom ESP, FLsmidth ESP, ETS-ELEX, ANDREW YULE, V.T RP etc Contact Us. Rotary Air Lock Valves & Screw ...

Thermax ESP Thermax will expand the span of the ESP and its gathering range by patching up the old ESP and introducing extra 12 fields to decrease outlet particulate discharge underneath 90 mg/Nm³. Thermax would boost usage of the current establishments, bolster structure and ...

Thermax executed a 100% biomass fired cogeneration plant, deploying a 33 TPH hybrid water tube superheated bi-drum boiler with a reciprocating grate, designed at 67 kg/cm² pressure and 450°C temperature, for the client. The boiler has ...

Manufacturer & Exporter of ESP Rapper Control Panel, Migi Rapper Coils, TR set, ESP Controllers, ESP Spares, FRP Shaft Insulators, ESP Support Insulators, ESP Hopper Heaters, ESP Insulator Heaters, Discharge Electrodes, Collecting Plates ... Thermax ESP Spare Parts, ISGEC Esp Spare Parts, Voltas ESP Spare Parts, CVL ESP Spare Parts, Clyde ...

The Electrostatic Precipitators (ESPs) comes in two variants, Dry ESP and Wet ESP. The former is used on hot process exhaust (50 - 450 degree Celsius) that operate above the dew point of gas stream and the latter being a special ...

The offered Thermax ESP is largely used in the chemical industry, for providing the connection between electrical components. Our supplied ESP is inert to the chemicals and commonly reacting substances. The offered ESP is very much acclaimed for the non-reactive nature and property. Features: Resistive to chemicals; Excellent fitment; Durable

An electrostatic precipitator (ESP) is a particulate collection device that removes particles from a flowing gas (such as air) using the force of an induced electrostatic charge. The charged particles are attracted to and deposited on ...

February 2023: Thermax Limited has received an order for Rs. 251.7 crore from an Indian public sector power company. The contract is for the renovation and modernisation of the electrostatic precipitator (ESP) package of its 3x210 MW thermal power ...

“Thermax Limited has received an order for Rs. 251.7 crore from an Indian public sector power company. The contract is for the renovation and modernisation of the electrostatic precipitator (ESP) package of its 3x210 ...

Thermax, a company in energy and environment since 1966 has set up its air pollution control business (Enviro division) in 1980 with the conviction that pollutants are inevitable but pollution is not. ... Combofilters (ESP + Fabric Filters) Enables system upgrade that ensures compliance to revised stringent emission norms without the need for ...

ESP Insulators Manufacturer, Supplier & Exporter of FRP Shaft Insulator, Cylindrical or Conical Support Insulators, Drive Insulator, PIN Insulator, Shaft Insulator supplied by Omkar are highly compatible with renowned all kind of Electrostatic Precipitators OEMs like Thermax, Clyde Bergemann, ISGEC Heavy Engineering, Hamon Research Cottrell, KC Cottrell, BHEL, GEA ...

As part of this commitment, Thermax now offers the state of the art German Technology through its tie up with Balcke-Dür r. Thus, Ther max can access diverse applications of the ESP ...

thermax optacor 201806-pcb010-2 esp controller/cpu/2 thermax optacor esp controller 201806-pcb010-2 esp controller/cpu/2 ece20us12 230v-neutral 230v-line weight: 2.000 kg condition: used quantity: 1 piece sku: as425. skip to content. welcome to alvi marine! call us: +91- 7840901699;
