

JA Solar Panel Customer Service Hotline

Who is JA Solar?

JA Solar has successfully developed a distributed PV power system for Libai Group, a leading player in China's daily chemical industry, to help decarbonize its factories. The first phase of the project JA Solar Awarded with Ten "2024 Top Brand PV" Honor... Leading Solar PV Panel Manufacturer now in India.

Do JA Solar panels have a warranty?

This results in lower prices for customers. JA solar panels typically come with a 12-year product replacement warranty and a 25-year power output warranty. The 12-year equipment warranty is shorter than that offered by some solar panel manufacturers. But the product warranty is in line with industry standards.

How much do JA Solar panels cost?

In many cases, JA solar panels cost less than others for the same power output. A JA 585W solar panel, for instance, costs around \$90 - \$40 less than solar panels with similar output from other manufacturers. Here are some other examples.

Who makes JA Solar panels?

JA Solar is one of the largest solar panel manufacturers with third-largest solar module capacity (reportedly 42.5GW/year in 2021). JA Solar has focused on producing a mid-market solar panel for the masses that combines reliability with an affordable price point.

Are JA Solar panels good?

JA solar panels are perfect for households on a budget who want to get the benefits of switching to solar. The panels offer good value for money, including sturdy design and excellent efficiency. They come with fairly decent warranties, although the product warranty is shorter than industry standard.

How much power does a JA Solar panel produce?

Power output of most home solar panels in the UK is 250W to 400W. JA solar panels are either at the higher end of this range or exceed it. For example, JAM60S20/MR solar panels offer 21 per cent efficiency with a peak power output of 390W, at a lower price than similar solar panels from many other manufacturers.

Founded in 2005, JA Solar is a manufacturer of high-performance photovoltaic products. With 12 manufacturing bases and more than 20 branches around the world, the company's business covers silicon wafers, cells, modules and ...
