Zahra Ennis o October 11, 2020 o 4 minute read One of the top concerns in getting a Solar PV System installed is the cost. Depending on your energy needs, the cost of a residential grid-tie system in Jamaica could be as little as US\$1500. However, that ...

Photovoltaics popularly known as solar panels converts the ultra-violet light from the sun to raw Direct Current. This DC power can be utilized as a charging source for batteries or converted to AC power for more widespread applications.

Faced with enormous electricity bills, more householders and business operators are hopping off the JPS grid and installing solar panels. In their quest to cut cost and buy clean energy, these investors are encouraged by the fact that solar panels and wind turbines are exempt from certain taxes and enjoy duty concessions.
