

# Jinko Solar Mount Recommendations

Who should install a Jinko Solar PV system?

The professional system installer must be responsible for mechanical load calculation according to the system design. In most applications, Jinko Solar PV modules should be installed in a location where they will receive maximum sunlight throughout the year.

Can I remove a Jinko Solar module?

Do not remove any part installed by Jinko Solar or disassemble the module. All instructions should be read and understood before attempting to install, wire, operate, and maintain the module. Do not lift up PV modules using the attached cables or the junction box. All PV systems must be grounded to earth.

Where should Jinko PV modules be installed?

Jinko PV modules should be installed in suitable locations. Do not install the modules in places that could be flooded. Be careful when installing the photovoltaic modules particularly at the corners of the racks or trackers.

What should I know about Jinko Solar?

Do not remove any part installed by Jinko Solar or disassemble the module. All instructions should be read and understood before attempting to install, wire, operate and maintain the module. Don't lift up PV modules using the attached cables or the junction box. All PV systems must be grounded.

What should I not do if my Jinko Solar module Fires?

Do not use water to extinguish the fire when the power supply is not disconnected. Do not remove any part installed by Jinko Solar or disassemble the module. All instructions should be read and understood before attempting to install, wire, operate, and maintain the module. Do not lift up PV modules using the attached cables or the junction box.

How much pressure does a Jinko module meet?

Pressure stickers match. Jinko modules are designed to meet a maximum positive (or downward) pressure of 3600Pa (Only refer to the mentioned module type in this manual) and negative (or upward) pressure of 1600Pa. This design load was then tested with a safety factor of 1.5 times. So Jinko modules

Jinko Solar Co., Ltd. (im Folgenden „JinkoSolar“, NYSE: JKS) ist ein weltweit führendes Unternehmen in der Solartechnologie, das sich durch integrierte Forschung, Entwicklung und Herstellung von Photovoltaiksystemen ...
