

Jinko Solar Photovoltaic Panel 565

What are Jinko Solar panels?

It's TR technology and half-cell aims to eliminate the cell gap to increase module efficiency (mono-facial up to 21.6%). Jinko solar panels come with a 12-year product warranty and a 25-year linear power warranty.

Product Specifications:

Is Jinko Solar Tiger neo 72hc good?

In terms of durability, the Tiger Neo 72HC is designed to withstand a variety of weather conditions. It has a wind resistance rating of 2400 Pa and a snow load capacity of 5400 Pa, making it suitable for use in areas with heavy snow or strong winds. The Jinko Solar Tiger Neo 72HC is also backed by an excellent warranty.

How much power does a Jinko Tiger module have?

The module - which measures 2,411x1,134x35mm, weighs 31.1kg and features 156 p-type monocrystalline cells - is available in five versions with power outputs of 565-585 W and efficiencies of 20.67-21.40%. Jinko says the Pro Tiger series will become the company's main revenue stream in 2022, surpassing the Tiger 475 W panel.

What is the maximum voltage a Jinko panel can run?

The operating ambient temperature ranges from -40 to 85 degrees Celsius, said the manufacturer, and maximum system voltage is 1,500 V. The panel has an anodized aluminum frame and 3.2mm of tempered glass with an anti-reflection coating. Its junction box has an IP 68 rating. Jinko offers a 12-year product warranty and 25-year power output guarantee.

Why is Jinko Solar a Tier 1 company?

Jinko Solar's Tier 1 classification is based on its reputation for delivering high-quality products, its financial stability, and its commitment to innovation and sustainability. The company's solar panels feature advanced technologies such as 9BB and half-cell, which improve performance, reliability, and efficiency, while reducing costs.

Does Jinko offer a warranty?

Jinko offers a 12-year product warranty and 25-year power output guarantee. Annual linear degradation over 25 years is indicated at 0.55% while degradation for the first year of the panel's lifetime is capped at 2%. As previously revealed by the company, the module uses tiling ribbon and multi-busbar technology.

GHPV solar is a professional solar panel supplier. We offer high - quality products including Trina solar panel, Longi solar panel, Jinko solar panel and JA solar panel. Our solar panels are ...
