

Jordan battery generator for home

Are battery-powered generators better than gas-fed generators?

Gone are the days where getting power where there is none means firing up a gas-powered generator. Sure, that is still an option-- and for bigger needs, like whole home power, that may be the better option-- but modern, battery-powered stations offer a lot of versatility that gas-fed models lack. For instance, they are quieter.

Can you use a portable gas generator inside?

Using a portable gas generator may be a foreign concept to you. However, by following the included instructions and considering the below tips, you'll be able to power your home in case of an emergency or your campsite on the go. Don't use the generator inside.

Are Generac generators good?

This generator is replacing a 28-year-old Generac generator that still runs great. The new generator is quieter than the older unit. It has a larger fuel tank. It starts on the first pull. I highly recommend Generac portable generators."
