

One of the stand-out features that our experts love on the Air Jordan React Elevation White Multi Color is the use of Nike's React foam cushioning technology, known for its comfort, responsiveness, and energy return. This helps give a comfortable ride during games. The shoes were released for retail in July 2020 at the price of \$170.

If I have a zenith angle of 11° , what would be the solar elevation angle? The solar elevation angle and zenith angle are complementary angles, i.e., the addition of both equals 90° . So, the elevation = $90^\circ - 11^\circ = 79^\circ$. At what time of day the solar elevation angle is minimum? The solar elevation angle is minimum in the morning and evening.
