

ju:niz develops, plans, builds and operates innovative, sustainable residential and commercial properties as well as intelligent battery systems and local energy centres to the latest technical standards. ju:niz is a pioneer of the decentralised energy transition in Germany.

Based in Aschheim, ju:niz Energy develops, builds, and operates utility-scale battery energy storage systems. EQT has committed to helping the firm "expand its business model and become an independent flexibility provider with increased asset ownership."

The aim of the ju:niz Group is not only to implement the energy transition in an ecologically and economically sensible way, but also to make it a reality today. Her name is a reminiscence of the pioneer of climate research Eunice Newton Foote, who discovered the connection between CO₂ and global warming back in the 19th century.

The sale of Germany's Ju:niz Energy is expected to begin early next year. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Phasellus ultrices urna eu consequat pulvinar.
