Energy is the key to balancing industrial development with environmental protection. Kaneka Belgium serves the energy industry by supplying high-quality specialty raw materials for material and parts manufacturers. You will find a broad array of suitable products and materials from our wide selection of innovative solutions.

Kaneka 110watt Amorphous Thin Film Hybrid Solar Panel Kaneka's new hybrid amorphous-silicon solar panels generated watt-power is approximately same as that of other crystalline silicon solar modules during the winter, but in summer the Kaneka Hybrid generates more power compared to many other crystalline silicon PVs. The combination of thin ...
