For a free professional solar system sizing and quote, kindly fill out the form below and we will get back to you within 1 business day. You can also contact us to arrange a site survey anywhere in the country by calling our toll free helpline at 0800721233.

If you are hesitant about making the switch to solar panels as your home's power source, a solar starter kit is just the thing to get a feel for how photovoltaic power performs. The initial investment in solar can be daunting, as a system set up to handle the entire electrical load for a household runs in the tens of thousands of dollars.
