

Latvia nordic solar a s

Does Latvia have solar energy?

So far, however, the development of solar energy in the country has been rather limited. According to Latvia's grid-operator Sadales tīkls AS, which is a subsidiary of Latvenergo, there was just 1.3 MW of renewable energy power installed under net metering at the end of 2016.

Who is collaborating with Nordic solar?

Helios has been successfully collaborating with Nordic Solar on the design and development phases of the two solar parks. The Danish solar energy company, which develops, builds, and operates solar parks in 12 European countries, is looking forward to supplying the southern region of Sweden with solar energy:

Why did Nordic solar merge?

Nordic Solar merges its two investment companies and its management company into one joint public limited company. The merger will create the growth platform needed to fulfil the ambition of becoming the Nordic region's leading solar energy company.

Why should you choose Nordic solar?

Discover Nordic Solar's commitment to clean energy solutions. From developing and constructing utility-scale solar parks to divesting operational projects, we manage the entire value chain. Explore our strategic focus on e.g. greenfield projects, contributing to the energy transition. Join us on a journey towards a more sustainable future.

What is the difference between Nordic Solar Global & Nordic solar management?

While the former Nordic Solar Energy invested exclusively in active and established solar parks, Nordic Solar Global held a strong portfolio of construction projects and solar parks under development. Nordic Solar Management, on the other hand, was responsible for identifying and creating investment opportunities for the two investment companies.

How much money does Nordic solar make a year?

The merged Nordic Solar A/S has a balance sheet total of EUR 535 million, generates revenue of EUR 40 million a year and has operations in 10 European countries. According to Christian Sagild, Chairman of the Board, the merger of the three companies is important to the high growth ambitions of Nordic Solar:

Nordic Solar udarbejder kvartals- og årsrapporter i løbet af regnskabsret og afholder også en ordinær generalforsamling. Datoerne offentliggøres i begyndelsen af hvert kalenderår. 16 Maj 2024 - Q1 Rapport for 2024. 3 September 2024 - Q2 Rapport for 2024.
