

# Lesotho solar equipment supplier

Who supplies electricity in Lesotho?

In the present day, LEC remains the sole supplier of electricity operating within Lesotho, as well as holding the title of one of the first parastatals in the country. "Our Company operates under the obligation to supply power to all customers within our service territory," continues the Company.

Who is Lesotho electricity company?

The Lesotho Electricity Company has worked closely with the Government on its rural electrification roll-out programme over the past few years, and it subsequently has facilitated the connections required to reach new customers on the electricity grid.

How did Frazer solar Help Lesotho?

Imported electricity comprised 41% of volume and 86% of cost. This put enormous pressure onto the Government of Lesotho and the state owned Lesotho Electricity Company (LEC). Frazer Solar developed a multifaceted project that would dramatically improve the situation by reducing electricity imports.

**Roof Attachments** One of the major components of a solar panel system is the solar racking system or mount system. It is the foundation that holds your solar panels in place. Typically, they are used to attach solar PV modules to your property's roof, open ground, or another flat surface near your property. When installing a solar panel system, proper installation should be ...
