

Longi solar technology co ltd Nicaragua

Is Longi a good solar company?

Over the past two decades, PV companies like LONGi have made solar power the most economically viable and widely accessible clean energy source globally through technological innovation, and LONGi is proud to be the trailblazer among peers.

Where are LONGi Solar panels made?

We are committed to being the most valuable solar technology company in the world. LONGi has manufacturing facilities and sales offices in more than 150 countries and regions worldwide, including factories in China, Vietnam and Malaysia. There are also sales offices in the United States, Japan, India, Australia, the United Arab Emirates.

What certifications does LONGi Solar technology have?

LONGi Solar Technology obtained again the TÜV IEC TS 62941 quality system certification for photovoltaic module manufacturing. Vietnam base: The NWestern Vietnam, Vietnam module factory, and Vietnam cell factory have all received the on-site inspections by Certification Partner Global (CPG) and have obtained QEHS certification.

Why is Longi a leader in the semiconductor industry?

*LONGi took the industry lead in standardizing wafer size and achieving 100% diamond wire cutting of mono silicon wafer. *In 2021, the company's global sales performance, market share and brand influence ranked it 1st in the world, with its total shipment volume of domestic and exported modules exceeding 2nd place by more than 10GW.

How much energy does Longi produce?

This means that by the end of 2023, LONGi manufactured 27% of the global cumulative installed photovoltaic capacity, equivalent to generating 1.7361 trillion kWh of green electricity and cutting the emission of 812 million tCO₂e. This underscores LONGi's significant contribution to global climate action and sustainable development!

Is Longi a good company?

LONGi has consistently maintained industry leading ability to mitigate risk and adapt to market changes and, as part of operations, the company prioritizes corporate financial health and stability, with its asset-liability ratio at a low level compared to other global PV manufacturers. Bifacial power generation .

LONGi Green Energy Technology Co., Ltd. Third Quarter Report 2021 ... High-efficiency Mono Cell Project (Phase I of 3GW) of Ningxia LONGi Solar. This public issuance of convertible corporate bonds shall not be implemented until approved by the CSRC. (Please refer to LONGi's Announcements No. L2021-056, L2021-058 and L2021-068 on May 18, ...

In the recent paper titled "Silicon heterojunction back contact solar cells by laser patterning", LONGi Green Energy Technology Co., Ltd. (referred to as "LONGi") reported for the first time that crystalline silicon solar cells have broken the 27% efficiency barrier, marking a significant advancement in photovoltaic (PV) technology. This milestone not only highlights the ...

LONGi and SEV Drives the Green Power Transition in Vietnam's Electronic Industry. Hanoi, November 2024 - LONGi, the world-renowned pioneer in solar technology, has partnered with Solar Electric Vietnam JSC (SEV) to continue their efforts to promote green power transition within the electronic industry by delivering an advanced solar pr

Recently, LONGi Green Energy Technology Co., Ltd. (hereinafter referred to as "LONGi") published a research paper titled "Perovskite-silicon tandem solar cells with bilayer interface passivation" online in the journal Nature as the first corresponding author. The paper publicly reported the research results of breaking through the efficiency limit of single-junction ...

LONGi R& D Centres. LONGi has three R& D centers for wafers, cells, and modules and certified as national enterprise technology centers. We have established strategic partnerships with research institutes such as the University of New South Wales and the State Key Laboratory of Silicon Materials of Zhejiang University to strengthen cooperation and promote technology ...

Explore our comprehensive solutions in solar panel technology. Whatsapp: +86-13405537396. Call us: +86-13405537396. Mail us: Sofia@longinewenergy Founded in 2000, LONGi Co., Ltd. is a high-tech enterprise focusing on the research and development, manufacturing and sales of solar photovoltaic panels. The company is committed to ...

Zhong Baoshen, born in December 1967, the Han nationality, is non-partisan. He is the chairman of LONGi (Stock sticker: 601012), President of LONGi Solar Technology Co., Ltd., Chief of China New Energy Chamber of Commerce, Vice Chairman of Shaanxi Federation of Industry and Commerce, Vice Chairman and standing director of Red Cross Society of China Shaanxi ...

LONGi está en el camino de la innovación, desde la innovación de productos hasta el cambio de la industria y la innovación tecnológica para cambiar el modelo energético mundial. Ante las necesidades de aplicación de diversos sectores y múltiples escenarios, LONGi ofrece soluciones integrales para escenarios.
