Modern applications. Of all lithium batteries, the LiFePO₄ (lithium iron phosphate) battery is the base in modern applications, such as laptops and smartphones. Light in weight, but a heavyweight when it comes to discharges and high currents. The lithium battery is available in different chemical compositions, for example; lithium ion, lithium polymer and LiFePO₄ (iron ...

Inc cell product datasheet 150 Ah - Free download as PDF File (.pdf), Text File (.txt) or read online for free. This document summarizes the specifications of an SP48 G4 19" 4U 150Ah lithium battery system. It is a 13S lithium battery with ...
