

Why solar PV with storage in Maldives?

Solar PV with storage has proven suitable and competitive for Maldives' high penetration of renewable energy (POISED type B projects), with an average fuel savings of 25%. The concept design of hybrid systems (efficient diesel generators + solar PV plants + energy storage) has resulted in success for Maldives.

How much does a solar project cost in Maldives?

In 2022, 63 investors expressed interest in the third 11 MW solar project in the remote islands of Maldives, and a record low price of 9.8 US cents was received. This is one of the lowest tariffs for any small island developing state (SIDS).

Will a 5 MW solar installation make Maldives a popular destination?

Now, one of the first sights for any of the 1.7 million tourists visiting the Maldives will be that of the 5 MW solar installation on the highway linking the airport island to Male and its satellite town of Hulhumale.

Should investors invest in sustainable solar projects in the Maldives?

In 2014, the first 1.5 MW solar project under ASPIRE only had four investors' bids, and resulted in a high power purchase price (PPA) of 21 US cents per unit of electricity, indicating a lack of interest from investors in investing in sustainable projects in the Maldives.

How many Maldives resorts will open in 2024?

6 additional resorts are expected to open in 2024 which includes the debut of Minor Hotels' Avani+Fares Maldives Resort as well as a new resort by Amari Hotels & Resorts. The Maldives is set to witness significant tourism growth with the development of upcoming resorts from 2023 to 2025. The data reveals a total of 35 projects.

What are the challenges facing solar projects in Maldives?

Challenges facing such projects include integrating solar with existing power sources on the grid, off-taker risk, weak procurement, and planning capacity. The objective of the ASPIRE project is to increase photovoltaic (PV) generation in Maldives through private-sector investment. Approved in 2020, the ARISE Project scaled up this process.
