How will Kazakhstan's 1GW wind and battery storage project impact society?

The signing today exemplifies the remarkable progress of the 1GW wind and battery storage project, setting the stage for Kazakhstan's stride towards its clean energy ambitions. The transformative project will have a profound impact on the country's socioeconomic landscape, and we are truly honoured to be an integral part of this journey.

Who signed the energy agreement in Kazakhstan?

The agreement was signed by H.E. Almassadam Satkaliyev, Minister of Energy of the Republic of Kazakhstan; Nurlan Zhakupov, CEO of Samruk-Kazyna; Basil Yernat Duisenbekuly, Deputy Governor of the Zhetysu region; and Marco Arcelli, CEO of ACWA Power.

Will ACWA Power Invest in Kazakhstan?

With the head of terms agreement announced earlier this year, the 1GW wind project represents ACWA Power's entry into Kazakhstan, and with an investment tag of US\$1.5 billion, marks the biggest Saudi investment in Kazakhstan's power sector to date.

Governmental planning to support the rollout of storage will be required this decade. Without financial aid Kazakhstan cannot accelerate its transition to clean energy: blended concessional financing should be offered to Kazakhstan to facilitate the just transition from coal to clean power on the proviso there is a credible coal phaseout plan.

Yes, I would like to receive MAN ExpertTalk (webinar) and event invitations, information about the products and services of MAN Energy Solutions SE and you can contact me in the context of customer surveys by e-mail. Your consent is voluntary ...
