Who is Solar Center Mauritius?

SOLAR CENTER MAURITIUS is the only expert in photovoltaic solar energy in Mauritius for over 15 years.) We are more specialized in rooftop solar installations: houses, offices, commercial buildings, agricultural buildings, warehouses, ... All our design office engineers and site managers have been trained in France with the QUALI PV. distinction.

Are solar panels a good investment in Mauritius?

Tax Incentives: In Mauritius MRA offers tax credits to encourage the adoption of solar energy. These incentives can help reduce the upfront cost of installing solar panels, making them more financially attractive.

Low Maintenance: Solar panels are relatively low maintenance.

Why is Mauritius becoming a solar-powered nation?

The installed solar power capacity in the nation has surpassed 100 MW. The significant breakthroughs made in solar PV technology have been the primary force behind Mauritius' transformation into a solar-powered nation. Efficiency, cost-effectiveness, and environmental friendliness have all significantly increased with solar PV technology over time.

How does Mauritius use solar energy?

Mauritius has concentrated on grid connectivity and energy storage systems to maximize the usage of solar energy. Grid integration ensures a steady and dependable power supply by seamlessly integrating solar power into the already-existing energy infrastructure.

What is community solar in Mauritius?

In Mauritius, community solar efforts have gained ground in addition to utility-scale projects. These initiatives enable businesses and citizens to actively engage in the solar energy revolution.

Who is gosolar & what is it doing in Mauritius?

With over 2 MW of solar commercial rooftops projects in the pipeline, GOSOLAR is emerging as one of the active players in the renewable energy sector in Mauritius. GOSOLAR has already commissioned numerous residential PV systems under the SSDG scheme, 160+kW systems under the MSDG scheme and off grid systems.

Landscape Mauritius Ltd has signed an agreement with the Central Electricity Board (CEB) to establish a 10 MW solar farm in La Valette, Bambous.
