Who are Menlo electric & Jinko Solar?

Menlo Electric, a rapidly expanding distributor of photovoltaic solutions in Europe, the Middle East, South Africa and entering the USA market earlier this year, and Jinko Solar, a global frontrunner in the solar industry, disclose their strategic alliance aimed at fostering an increase in renewable energy projects.

Will Menlo electric distribute 1 GW of Jinko photovoltaic modules?

In the past three years, Menlo Electric has integrated 1 GW of Jinko's photovoltaic modules. Now, with an ambitious target set, Menlo Electric aims to distribute another 1 GW in the next 12 months in Europe, the Middle East, South Africa.

Variable Generation: Flexible Demand Edited by Fereidoon Sioshansi, Menlo Energy Economics, San Francisco, CA USA Table of Contents Foreword by Ken Baldwin, Energy Change Institute, ANU, Canberra Australia Preface by Luca Lo Schiavo, ARERA, Italian energy regulatory authority, Milan, Italy Introduction by Fereidoon Sioshansi, Menlo Energy Economics ...

Thanks to collaborative efforts between Menlo Electric, manufacturer Jinko Solar, and installer company Elsol, the Aleko Konstantinov Primary School will now harness the power of solar energy. By constructing a 30 kW photovoltaic plant on the school's roof, the project enables the school to cover its daily energy

consumption.

The implications of distributed energy resources on traditional utility business model, in Renewable energy integration (L. Jones, ed.) Academic Press, 2014. A comparison of market structure and regulation between US and European utility markets, in Handbook of Utility Management (A. Bausch & B. Schwenker, Eds.), Springer, 2009
