Micronesia solutions

enevia green energy

Green energy is created with zero carbon emissions, providing the highest net environmental benefit. Why is green energy cheaper? In short, because it's naturally-occurring and sustainable. And, after decades of development, we now have smarter, more cost-effective technology with which to harness and store green energy. Is green energy ...

Icon Highlight. In Enerqos supportiamo le aziende con soluzioni tecnologiche, finanziarie e consulenziali per l'efficiamento energetico. Crediamo nelle energie rinnovabili e nell'importanza di ridurre consumi ed emissioni, per imprese più competitive e per un mondo più green.

Michael - Managing Director & Founder of Green Energy Solutions. Michael established Green Energy Solutions in 2007 in response to his passion for the environment and for renewable energy systems. He holds a Bachelor's degree in Environmental Science and is fully accredited in grid-connect and off-grid solar systems.

One of the keys to Micronesia's future is renewable energy. This means energy from sources that grow back or renew themselves. Micronesia is blessed with sun and wind, rain and mountain, ...
