

The best solar generator for off-grid living is the Bluetti EP500Pro. Its 5,100Wh LiFePO4 battery has the longest cycle life of any portable power station (6,000+ cycles to 80% capacity) and it has the highest solar input currently available (2,400W max).

You need a solar generator that's powerful enough to meet all your power needs, but also light and compact enough that it easily fits in your car and you can easily carry it around by hand. The best portable solar generator that fits this description is the Jackery Explorer 500.

Check the number and type of outlets the solar generator comes with. The best 240V solar generators will have several AC, USB and DC outlets. Many also include high-power 30A AC outlets and 30A DC RV outlets. Also check how many 240V outlets are available. If you only plan to power one 240V appliance like a well pump, then a single outlet is ...
