

Why do we need solar panels in Montserrat?

The use of Solar Panels meets one of the Governments priority needs which is to improve energy security by slowly transitioning to renewable energy. The incorporation of Solar into the Grid on Montserrat, resulted in a 13% renewable energy input on the grid, which is 3% above the European Union's key performance indicator (KPI) of 10% .

Does re-sat work in Montserrat?

The performance of RE-SAT was tested by creating a scenario of the current renewable energy installations in Montserrat (250kW Solar PV systems (Phase 1) in Brades). Renewable Energy planning in Montserrat Institute for Environmental Analytics 33 October 2021

Who provided the power data for the solar PV project in Montserrat?

The power data was kindly provided by the Government of Montserrat. Figure 16: Placard for the 250kW solar PV project in Montserrat. Renewable Energy planning in Montserrat

Who is our partner in Montserrat?

Our lead partner in Montserrat is the Energy unit within the Ministry of Communications, Works, Energy and Labour (MCWEL).

Does Montserrat need a geothermal plant?

To go beyond this, Montserrat is developing plans to ensure the electricity system can operate reliably. The target of 100% was based on information provided from the 2010 geothermal study⁴, and an Early Market Engagement exercise in 2017 to procure a 2.5-5MW geothermal plant which would satisfy 100% of the Montserrat energy requirement.

What is Montserrat's energy policy?

The first Energy Policy was approved in 2008 by the Government of Montserrat. The policy was then revised and updated in 2016 to include Government incentives and to update the policy with appropriate targets. The new Energy Policy (The Power to Change) that is currently being implemented runs from 2016 to 2030. Progress made so far includes: -

The S6 (Series 6) hybrid energy storage string inverter is the latest Solis US model certified to IEEE 1547-2018, UL 1741 SA & SB, and SunSpec Modbus, providing economical zero-carbon power from an all-weather (Type 4X / IP 66) ...
