

Mozambique care greenlightplanet com

What does care do for Mozambique?

As part of our 2020 country strategy for Mozambique, CARE sought to fight poverty and improve food and nutrition security by empowering women and girls to exercise their rights.

When did care international start in Mozambique?

CARE International began operations in Mozambique in 1984, initially focusing on emergency assistance and food distribution for people who were affected by the protracted war between government and rebel forces. From 1990 to 1994, CARE Mozambique expanded its project portfolio to include disaster recovery and development activities.

How did care help Mozambicans?

CARE immediately mounted a response that continues today, reaching hundreds of thousands of Mozambicans with household and shelter kits, hygiene kits, water and sanitation programming, food assistance, and programming to prevent gender-based violence and protection.

Who is Greenlight planet?

Greenlight Planet is now officially Sun King, the brand customers know and trust. Sun King designs, distributes, installs, and finances solar energy solutions for the 1.8 billion global consumers who cannot reliably access or afford traditional electrical grid connections. The needs of energy consumers in Africa and Asia are diverse.

Within Mozambique, we are in various stages because we have multiple villages throughout the country that we are working with. Primarily they are in stage 5/6 but because we are already established there, we are also generally in a constant state of phase 2. The capital, Maputo, is currently in stage 3.
