

What energy sources are available in Mozambique?

Mozambique has abundant energy sources available for exploitation. As of 2021, the country was ranked first in energy potential of all the countries in the Southern African Power Pool (SAPP), with an estimated energy capacity of 187,000 MW. Available energy sources include coal, hydroelectricity, natural gas, solar energy and wind power.

What is Mozambique's energy potential?

In this new age of industrialisation, Mozambique's energy potential places the country at the forefront of global energy investments. As it continues to develop its infrastructure and expertise in energy production, Mozambique is set to play a pivotal role in meeting future energy demands.

How will Mozambique's \$80 billion energy transition strategy work?

At COP28 in Dubai, H.E. President Filipe Nyusi said, "Mozambique's \$80 billion energy transition strategy will leverage the country's vast renewable resources to position the country as a sustainable investment destination and deliver energy to its people."

Is Mozambique ready for energy transformation?

As the world shifts towards cleaner and more sustainable energy, Mozambique is positioning itself at the centre of this transformation, ensuring its energy projects are both ready and fully implemented to meet the growing demands of domestic, regional and the global market.

How much electricity does Mozambique use a year?

In 2018, with an "average operating generation capacity of 2,279 MW", the country had an electricity consumption of 415 kWh per person, per year, about 50 kWh higher than the then prevailing average for Sub-Saharan Africa. It is estimated that 85 percent of electricity consumption in Mozambique is consumed by industry.

What can Mozambique do for Africa?

Mozambique also plays a leading role in the energy transition in Sub-Saharan Africa, with huge potential and mega projects in solar, wind, hydro and other sustainable and renewable sources of energy and the Summit will drive the discussions around the projects and business opportunities.
