

My energy libbi Thailand

Is Libbi a smart home battery storage system?

libbi isn't just a home battery storage system, it's eco smart. This means it makes intelligent decisions about when it provides and stores electricity based on how much energy you use, how much you generate with your solar and the electricity tariff you use. Libbi is smart...libbi seamlessly connects to your existing myenergi devices.

How does myenergi Libbi work?

Remote Access- myenergi app allows you to access and control your libbi from anywhere in the world. Live displays allow you to monitor your imported and exported electricity, all in one place. Modular Storage By Design - Each battery module stores 5kWh of electricity. Combining four together provides up to 20kWh of storage.

What is Libbi & how does it work?

Libbi stores excess electricity generated from renewable sources such as solar panels. By capturing as much surplus solar electricity as possible, it helps maximise the utilisation of renewable energy resources and reduces reliance on grid-supplied electricity.

How do I charge Libbi?

Charge libbi using cheaper overnight electricity tariffs, and use this stored electricity during expensive periods, saving you money! You can always add solar later. You have ultimate control of what you want libbi to do and when you want to do it! Set priorities in the myenergi app, to control the libbi to charge and drain to suit your needs.

How do Libbi batteries work?

As an installer, the Libbi gets a big thumbs up. Modular batteries allow much easier installations than huge 10kWh batteries. The instructions are clear and do not require a degree to decipher. The system builds from the ground up, so battery number 1 is installed, then the subsequent battery, and then the inverter on-top.

Is Libbi a good app?

Our Libbi has been in place 11 months. It has been good but disappointed at the slow rate of new app features. Give energy is streaking ahead. Without any official information on an api, better app functionality and the ability to connect to Octopus Intelligent Flux, it means we are unable to recommend Libbi as a solution.

Da libbi ein brandneues Produkt ist, sind wir derzeit dabei, ein Netzwerk von zertifizierten libbi-Batterieinstallateuren in ganz Deutschland auszubilden. Dieser Prozess kann in einigen Gebieten länger dauern. Das bedeutet, dass es möglicherweise noch keine Installationsabdeckung in ...

Unlock Energy Independence with Myenergi LIBBI Hybrid Inverter 5kW. Maximise your energy efficiency

My energy libbi Thailand

with the Myenergi LIBBI Hybrid Inverter 5kW (LIBBI-HS5000), specifically engineered to complement the Libbi home 5kWh battery packs. This intelligent inverter seamlessly integrates with your energy system, ensuring optimal performance and efficiency.

Connect your new solar array directly to your battery with no additional inverter needed! Optimise your time of use tariffs, to store energy for use in more expensive periods. Add a battery to your existing solar array; your existing inverter can be replaced. Expansion of a solar without the need for an additional PV Inverter.
