

Who is Freudenberg E-Power Systems?

With its expertise in battery and fuel cell technology, the company offers customized and, in particular, combined solutions for sustainable and cost-efficient e-mobility. Freudenberg e-Power Systems supports its customers from application development to production, commissioning and service with some 830 employees.

Are Freudenberg fuel cells suitable for heavy-duty applications?

Image 2: Designed for long service life and highest possible system efficiency: Freudenberg fuel cells are tailored to heavy-duty applications right from the start. Freudenberg e-Power Systems is one of the world's leading suppliers of emission-neutral energy systems for heavy-duty applications.

What makes Freudenberg E-Power Systems different?

With its fuel cell system, Freudenberg e-Power Systems relies on a modular approach that can accommodate different performance categories depending on customer and application requirements while also offering simple vehicle integration (plug&play).

Did LG Energy Solution sign a battery module deal with Freudenberg E-Power Systems?

Officials from LG Energy Solution and Freudenberg e-Power Systems take a photo after signing a battery module deal. [LG ENERGY SOLUTION] LG Energy Solution signed a big battery module deal with Michigan-based Freudenberg e-Power Systems (FEPS) to target the electric commercial vehicle market.

Is Freudenberg a good battery company?

Freudenberg also has many years of experience with battery systems in the heavy-duty sector and is among the market leaders in its target segments. Well over 60 million kilometers driven with Freudenberg's battery systems illustrate this success.

Are Freudenberg & ZF fuel cells sustainable?

Image 1: Freudenberg and ZF are jointly developing sustainable, fuel cell-based drive systems for heavy-duty commercial vehicles. Image 2: Designed for long service life and highest possible system efficiency: Freudenberg fuel cells are tailored to heavy-duty applications right from the start.

Dr. Manfred Stefener ist Geschäftsführer von Freudenberg e-Power Systems, München (Deutschland). Er kam 2018 als VP Lead Center Fuel Cell Systems zu Freudenberg Sealing Technologies Global, Weinheim (Deutschland). Davor leitete er Elcomax / Elcore, München (Deutschland), welches er 2006 gründete. Dr.
