

What is Nadara & why is it important?

"Nadara comes from the Scottish Gaelic word 'Nàdarra', which means 'natural' in English. It perfectly embodies our commitment to renewable energy and is a nod to the strong Scottish heritage of both Vention Energy and Renantis with their significant Scottish asset base and close connection to the local communities." Ed continues:

What is Nadara's long-term strategy?

Nadara, Europe's largest independent onshore wind producer, announces the new combined entity's long-term strategy, focused on scaling up and growing to deliver an 18GW development pipeline over the next 10 years, while maximising the value of its existing operating portfolio for stakeholders.

Is Nadara operating at scale?

Toni Volpe, CEO of Nadara, said: "At Nadara we are already operating at scale. Our new combined entity is one of the largest independent renewable energy companies in Europe and gives us the flexibility and agility to scale even more efficiently."

How did Nadara get its name?

The name Nadara was inspired by Climate and Environmental Impact Manager, Ed Flanders. "Perfectly embodying our commitment to renewable energy" The inspiration for the name came from the meaning of the word and its relevance to the organisation, as Ed explains: "Nadara comes from the Scottish Gaelic word 'Nàdarra', which means 'natural' in English."

What happened to Nadara?

Today, we are proud to announce that this summer, the two companies will become Nadara. A reflective name for our combined business. In January 2024 we legally became one business, with a team of over 1,000 talented employees, an installed capacity of 4.2 GW, and an 18 GW pipeline.
