Why should you choose Laniakea energy?

Laniakea energy offer top-of-the-line products that are sure to meet your needs. Our factory is a original Chinese factory that produces high-quality solar and air source products. Plus, we have a branch and warehouse in Germany, so you can get the products you need in a timely manner.

What is New Caledonia Energy?

New Caledonia Energy is the entity responsible for developing the project for the new power station that will supply the energy for Sociéte Le Nickel (SLN). The current power station is nearly 50 years old and is highly polluting. The ultimate goal is to have a carbon-neutral plant by 2030, which would be a world first in the mining sector.

What products does Laniakea offer?

From residential to commercial markets, Laniakea offers a full range of solar mounting systems, mounting brackets, inverters, and air source heat pump. With a strong engineering and design team, Laniakea also provides custom solutions to meet the unique needs of its customers.

How did Laniakea become a successful brand?

With all confidence and determination, Laniakea raised its name to where success resides. It made the impossible a door to creativity and uniqueness, which gained it the trust of customers in all the markets in which it operated. This approach was sufficient to transform Laniakea into a brand chosen by international and Arab companies.
